

QUOTE OF THE WEEK

ETHICAL THEMES

A dalliance between an inquisitive mind and Aria.

TOPIC TWO

Are Ethics Important?

Think of ethics as the moral compass that guides our actions and decisions. They help us determine what's right and wrong, shaping how we treat others and navigate the world
Ethics aren't always straightforward; they can be contentious

Why are they so important?

Building Trust: Ethics foster trust between individuals and communities. When we act ethically, people can rely on us to be honest, fair, and responsible
Creating a Just Society: Ethical principles form the foundation of a just and equitable society. They ensure that everyone is treated fairly and has equal opportunities.
Promoting Peace and Harmony: Ethical behaviour helps to prevent conflict and promote peaceful coexistence. When we respect each other's rights and values a more harmonious environment is the product.
